

Training of Trainers on Cooperative Education Through Applications of
Participatory and Sufficiency Economy
17 August – 6 September 2020

Closing date for application : 15 June 2020

TICA : Thailand International Cooperation Agency

is a national focal point for Thailand's international development cooperation. TICA was established in 2004 to realize Thailand's aspiration to be a contributor of development cooperation. Believing that global challenges are best addressed by international cooperation and global partnership, today we continue to strengthen our contribution to achieve global development agenda through various capacity-building and human resources development programmes. In response to the recent changes in the global landscape of development cooperation, especially through the concept of South-South and Triangular Cooperation, TICA continues to realign our focuses in order to deliver Thailand's commitment to be a relevant partner in global agendas including the 2030 Agenda for Sustainable Development.

AITC : Annual International Training Course

was initiated in 1991 as a framework in providing short-term training for developing partners. Today, the AITC remains one of TICA's flagship programmes. It offers not only a training experience, but also a platform in exchanging ideas and establishing professional network among participants from across the developing world. Aiming at sharing Thailand's best practices and experience to the world, the AITC training courses focus on development topics of our expertise currently categorized under five themes namely; "Sufficiency Economy Philosophy" or SEP, Food Security, Public Health, Climate Change, and Other topics related to Sustainable Development Goals (SDGs).

Khon Kaen University

Khon Kaen University (KKU) was established in 1964 and has been the major university in the Northeast of Thailand. The university is also one of the nine national research universities in Thailand and an educational center in the Mekong sub-region. KKU currently has more than 40,000 students (including 500 overseas students, studying in 17 faculties), 1 satellite campus, 1 school, and 3 colleges and in 43 International/English programs which cover a wide variety of disciplines.

AITC Theme : SEP

This training course falls under the AITC theme – "Sufficiency Economy Philosophy" or SEP. SEP is an approach for sustainable development which espouses moderation, reasonableness and prudence as development framework based on knowledge and virtue. The Philosophy stresses the importance of human development at all levels and also emphasizes the need to strengthen community's capacity to ensure a balanced way of life and resilience, with full respect for the environment. As an approach and mind-setting framework, we believe that SEP can be applied to all 17 SDGs. Therefore, over the recent years, Thailand has shared with international community the application of SEP, our home-grown approach to sustainable development.

Course Objectives

This training course aims at sharing Thailand's experiences in the application of Sufficiency Economy Philosophy (SEP) for sustainable development. At the end of this course, participants are expected to;

- Capacity building of design of Cooperative Education Through Applications of Participatory and Sufficiency Economy
